WELCOME

A NEW SEASON BEGINS

This year every Geometry and Financial Literacy class will compete in The League. It is a year long competition reward system in Mr. Mendibles's class that will reward students' teamwork, consistency, and effort.

Winning is not about being the smartest in the room, it is about showing up. Helping your peers. Improving every week. Doing the little things right. These are just a handful of positive behaviors that will be rewarded in my class. Every positive choice will help your class move one step closer to becoming League Champions!

Students and teams are able to gain individual rewards throughout each week, quarter, and semester.

Give your best every single day and you will be rewarded for your efforts. Players and teams of the week will be recognized. Your wins will reflect your good behavior!
